PROFILE LISTS SERVICES THE FIRM REFERS OUT

The description and service list advertise medical malpractice, and the profile surfaced for that search in July. Lemon law and legal malpractice are listed too. Until the list matches what the firm takes, some calls are the wrong calls.

- WHAT STANDS OUT**
- ✓ **Calls up 6.8%** with the same number of Maps views on a normal day, so more of the people who found the profile called.
 - ! **Aug 17 carried 183 desktop Maps views** against a normal day of 0 to 14. Without that day Maps views were up 32%. We are checking the cause before counting it as growth.
 - ✓ **35 new five-star reviews**, same as last period, and every one has a reply.
 - ↓ **Four one-star reviews from April have no reply** and no text. A short reply is still worth posting.
 - ! **Last photo Oct 2025, last post Jun 30.** Fresh photos and a monthly post keep the profile active in Google's eyes.

- WHAT TO DO NEXT**
- Start here** **Confirm the service list.** Tell us which of medical malpractice, lemon law and legal malpractice the firm takes, and we will remove the rest from the profile.
